RUINED BY RAIN.

Great Destruction Wrought by Overflowed Rivers.

MANY PLACES INUNDATED.

All the Rivers in Northern Ohio, New York and Pennsylvania Already Out of Their Banks and Rapidly Rising. Discouraging News From the Floods in Arkansas and Louisiana.

BUFFALO, May 18.—Advises from points west and southwest of here report one of the worst rainstorms ever experienced and rivers and creeks are overflowing their banks and doing great destruction.

At Ripley, N. Y., the tracks and masonry culverts of the Lake Shore and Nickel Plate railroads are washed away and damage done which will take considerable time and much money to repair.

Shortly after the eastbound express No. 2, which is due in Buffalo at 1:20 a. m., passed Harbor creek the immense stone culvert, which at that place spans the creek gave way with a crash beneath the immense pressure of water. The railway embankment in several places on either side of the destroyed stone bridge was badly washed out. The Chicago express No. 3, which leaves Buffalo at 12:50 a. m., was sent out but is still somewhere east of Erie, Pa. Several construction trains, consisting of a couple of auxiliary cars and each with a gang of from 80 to 75 men, have been sent out from Buffalo to do what they can towards repairing the present and preventing further damage.

The New York Central and the West Shore have not been hampered as the heavy rains have not prevailed in the east. It was reported that between Corry and Oil City the water is over the Western New York and Pennsylvania tracks and there are three small trestles washed away and several breaches in the railroad embankment, which render useless 30 miles.

All the Buffalo hotels are crowded with storm belated passengers. The destroyed culverts are worth from \$15,000 to \$40,000 each and it is estimated that the total damage may reach \$1,000,000.

MET DEATH ON DUTY.

Four of Cleveland's Life Saving Crew Drowned in the Lake.

CLEVELAND, May 18.—Shortly after noon yesterday Captain Stanley Flannigan, and Michael Leblonde, of this city were going down the river in a row boat which they used for peddling milk along the docks. When near the mouth of the stream one of Leblonde's oars broke and they were carried into the lake with destruction before them.

The lifesaving crew of seven men manned the lifeboat and pulled away toward the east pier of the breakwater toward which point the boat, containing Flannigan and Leblonde, had drifted. When the lifesavers were well out of the mouth of the river an oar broke and in an instant the corklike vessel swung about to toss upon the angry waves. The men in the lifeboat were totally helpless and before assistance of any kind could be rendered, their boat was overturned and all the men were thrown into the water. Three of them were rescued, but Chester Simons, John Johnston, Nicholas Servais and Albert Currier were drowned.

SCHOONER FOUNDERED.

Three Out of a Crew of Seven Men Drowned and Two Badly Injured.

ASHTABULA, O., May 18.—The schooner Pelican foundered off the piers here. Three of her crew of seven men were drowned and two of those rescued were badly injured. The lost are: Peter Nelson, first mate; John Erickson, sailor; and John E. Knight, sailor, all of Cleveland. The steamer Ketchum and the Pelican with ore from Eacoonaba arrived off this port in the afternoon but on account of the gale and heavy sea remained at anchor outside rather than risk entering the piers in the night.

The hatches of the Pelican became loosened and the water began to pour into her hold. She made signals of distress and the tug Sunol went to her assistance. Only one man was gotten off before she went down, but three more were afterwards picked up. The other three were drowned before aid could reach them. Captain Grey had his right hand badly crushed and Captain Elliott, one of the rescuers, had an arm badly hurt.

At Titusville, Pa.

TITUSVILLE, Pa., May 18.—Heavy rains for the past two days have caused the creeks to rise to the flood point in this vicinity. The Western New York and Pennsylvania tracks above Hydetown are inundated.

Church run at the lower end of the city overflowed and has flooded Mechanic street and part of Washington, Franklin, Perry and Monroe streets. Business is temporarily suspended and those who live in the higher portion of the city are watching for further developments.

Oil creek is still rising at the rate of six inches an hour and the rain continues.

A landslide is reported on the Western New York and Pennsylvania below the city which will likely prevent travel for several days.

Rice Robinson and Foggan's have two stills filled with gasoline and no way of pumping them out. Should a fire break out in that neighborhood the consequences would be serious.

On Seneca street and Water street the people have moved in the second stories of their homes.

A New Lake of Twenty Acres.

ASHTABULA, O., May 18.—The worst

flood in years began at 8 p. m. Monday. The rain is still falling and has formed a lake of 20 acres near the Pittsburgh, Youngstown and Ashtabula depot, up town. All three roads across the gorge near the city are blocked. The spile bridge is disabled, so that 13 engines and 400 men are out of work on the Lake Shore docks. The latter are under water from one to six feet deep. Twenty-four vessels are in the harbor. There is a current of 15 miles an hour in the river and the water is rising rapidly, threatening every moment to break the big vessels loose at the head of navigation, and thus do damage to the rest and take out the swing bridge.

Stopped All Trains.

WILLIAMSPORT, Pa., May 18.—The heavy rains of the past 24 hours have done serious damage on the line of the Philadelphia and Erie railroad between Corry and Erie. In a number of places the tracks are under water and several bridges, as well as the road-bed, have been badly washed by the floods. It is probable that no trains will be run between Corry and Erie for several days.

EIGHT LIVES LOST.

Dredge Boat Carried Out in the Lakes and Capsized.

CONNEAUT, O., May 18.—The dredge Continental and her tug, lying in Conneaut creek, broke loose were carried into the lake and capsized. Four men and one woman on the dredge and three men on the tug were drowned.

The list of those drowned is as follows:

Captain Arthur Wilson, Detroit. James Fife, Conneaut. Mrs. Maggie Hoyt, Cleveland. Three other men, names unknown, all of whom lived in Cleveland. The tug was the W. Richardson of Cleveland. She has floated ashore. The dredge was owned by L. P. & J. A. Smith of Cleveland.

City Under Eight Feet of Water.

NEW CASTLE, Pa., May 18.—The water is eight feet deep and still rising in a large part of this city. Several planing mills have been washed away, houses have been moved from their foundations, mills, factories and furnaces are flooded. The railroad bridges have been weighted with cars to keep them in place. Families were rescued from the second stories of their homes. A prisoner in the lockup was almost drowned. The contents of the cellars in the business part of the city are badly damaged.

Mahoning Valley Flooded.

YOUNGSTOWN, O., May 18.—Rain for 48 hours has flooded the lower part of this city and the Mahoning valley. The Mahoning river is rising at the rate of three inches an hour. The fire department was busy all night rescuing people in boats. The American Tube and Iron company is under water and it is expected that the Brown-Bonell Iron company mills will soon be inundated. The Pittsburgh and Lake Erie railroad is the only one running trains.

Chagrin River Overflowed.

WILLOUGHBY, O., May 18.—The heavy rainfall of the past 48 hours has done much damage in this section. Chagrin river has never been so high and its banks are overflowed. The flouring mill of J. H. Boyce was entirely swept away with a big loss. The family of Mr. Chadwell, residing on the flats, were rescued by boats, their dwelling being completely submerged. The Penfield machine shops are flooded and work abandoned.

Two Washouts and a Vessel Ashore.

MILLVILLE, N. J., May 18.—Heavy rainstorms, supplemented by high tides, caused two washouts on the Maurice River branch of the West Jersey railroad below Heislerville station. A vessel is ashore near Elder Point.

Three Bridges Swept Away.

PAINESVILLE, O., May 18.—Three bridges over Grand river have been swept away by the flood. The damage to property in Lake county will be enormous.

At Erie, Pa.

ERIE, May 18.—The floods in this city caused by the heavy rains are the most destructive ever known. It is impossible to estimate the damage done to property, but it probably is not less than \$500,000. The damage to the Jarcekl Manufacturing company's plant is placed at \$100,000. Scores of houses were washed away, but no fatality is reported since that of the boy Heberley. Railroad bridges and culverts are washed away on all sides of Erie. All trains are canceled on the Erie and Pittsburgh and Philadelphia and Erie.

Traffic Completely Suspended.

CLEVELAND, May 18.—Railroad traffic is completely suspended from the effects of the flood. The water has inundated the tracks of every eastbound road so that business is at a standstill. The Lake Shore, Nickel Plate and Erie are blocked. Passenger and freight trains are side-tracked where they were caught, and are unable to move. Business is at a standstill and with no hopes of being better until the rain stops. Many miles of track are under water, while the culverts are full to the brim, and in many places gone. Engines are standing on bridges where the waters are rising, in order to prevent the flood from carrying them away.

Highest in Its History.

MEADVILLE, Pa., May 18.—This city is undergoing the most complete inundation in its history. Business is practically suspended. There are several feet of water in the New York, Pennsylvania and Ohio depot and the train service has been abandoned. Residents of Vallonia, Company Island and the lower part of the city were taken from their homes in boats. The Miller & Sibley racetrack is covered with four feet of water. The new railroad bridge

over the French creek to the racetrack has been swept away and other bridges are in danger of going. The French creek has been transformed into a raging river.

THE SOUTHERN FLOODS.

Discouraging News Comes From Arkansas and Louisiana.

MEMPHIS, May 18.—The news from the overflowed districts in Arkansas and Louisiana are of the most discouraging character. Specials to The Commercial from points on the west side of the river below Memphis report a distressing condition of affairs. The water which has been flowing around the head of the levees system above Osceola, Ark., has inundated the St. Francis basin, the farmers being compelled to abandon all hope of raising a cotton crop.

Almost every foot of land in Chicot county area, 200 miles below Memphis has been flooded by the water from the Lakeport, Brooks Mill and Grand Lake crevasses. The Grand Lake crevasse is 600 feet wide and still caving rapidly. The water from the crevasse is flooding the northern portion of Louisiana and is making its way across the swamps into the Red river country. Red river is already very high and a disastrous overflow in that section is regarded as certain.

The river at Memphis has begun falling. The gauge showed 35.1 feet above low water, a fall of one inch in 24 hours. The heavy rains in the Ohio valley and on the upper Mississippi and Missouri have created considerable apprehension, as it is feared that the fall here will be checked and the river go higher.

HIS LAST FEAT.

Blondin, the Strong Man, Killed in the Circus Ring.

SARANAC LAKE, N. Y., May 18.—One of the feats of strength performed by Blondin, the strong man traveling with Cole's circus, which has been giving exhibitions in this section, was the holding together of two large horses that attendants endeavored to lead in opposite directions.

In this act at Lake Placid the horses used had been lately purchased and were never before in the ring. They became frightened and reared and plunged and Blondin in his efforts to hold them ruptured blood vessels of the head and chest. He fainted from loss of blood and soon after he was carried from the ring he died.

MEXICAN RAILWAY.

Portion of the New Route Opened Up Through a Fine Section of Country.

CITY OF MEXICO, May 18.—Eighty-five kilometers of the San Marcos and Nantla railroad, which is to run from San Marcos to Barra de Nantla on the Gulf of Mexico, midway between the ports of Tuxpan and Vera Cruz, have been completed, and a force of men are at work constructing the line. The road will pass through a very rich portion of the Huasteca country. The first terminal station of the line will be Tezuitlan, thence the road will descend the Sierras through a fine coffee-growing region via Misantla and Papantla to the coast and will be the shortest line from the city to the seaboard.

Eno Getting Clear.

NEW YORK, May 18.—Judge Benedict, in the United States circuit court, has handed down a decision quashing the indictment against John C. Eno, who recently gave himself up to the authorities. The indictment was found on June 17, 1884, and charged that Mr. Eno, as president, misappropriated the funds of the Second National bank. The judge holds that the indictment is not explicit and that it lacks material to sustain the charge. The indictment against Mr. Eno for forgery is still pending in the state court.

Famous Oil Case.

PARKERSBURG, W. Va., May 18.—This city is crowded with oil men from all over the United States, attending a hearing before a United States commissioner of the famous suit of Russell vs. Ludwig et al. The case involves validity of the title to a large portion of the Sistersville oil field, valued at \$500,000. An effort is being made to compromise the case, and the defendants offered the Weeter heirs \$90,000 cash to settle their part of the suit. This offer was rejected, a demand being made for \$100,000.

Justice J. W. Heasley Dead.

CLEVELAND, May 18.—Judge John W. Heasley, the well known Democratic lawyer and politician of this city, died in Pasadena, Cal., yesterday, where he went for his health several months ago. Judge Heasley was born in 1824 at Williamsport, Pa., and was a graduate of Dickinson college. He was elected to the common pleas bench in this county in 1883. In 1887 he was a prominent candidate for the Democratic gubernatorial nomination, and in 1883 narrowly failed of nomination for judge of the supreme court on the same ticket. He has been an active member of the Cuyahoga county bar for 39 years.

Strike at Indianapolis.

INDIANAPOLIS, May 18.—All of the nonunion men who have managed to resist the entreaties of the strikers thus far have been concentrated at Monument square. Only a few, however, in comparison with the strikers, are at work. Mayor Sullivan is acting as arbitrator and a settlement may soon be reached.

Walked Out to Death.

INDIANAPOLIS, May 18.—George Hotz, a well known merchant tailor, walked away from his home and an hour later his dead body was found in the canal. He had left his hat with his calling card and snuffbox in it on the canal bank.

STARTLING CONFESSION.

An Anarchist Plot Against the New York Police.

NEW YORK, May 18.—An anarchist plot to repeat the Haymarket slaughter of Chicago at the big anarchist meeting in Union square on the night of May 2, 1892, was divulged by Anarchist Otto Eckholdt in Justice Schnnacker's courtroom in Middleville, L. I.

Eckholdt is one of a gang of anarchists recently discovered in Maspeth. He was arrested several weeks ago on the charge of setting fire to E. V. Crandall's whitening factory in that place, where the anarchists are employed and where, as subsequent developments showed, they spent all their spare time manufacturing dynamite bombs from odds and ends of pipe, with which the factory is plentifully supplied.

With a view to shielding himself, Eckholdt made a confession, in which he said that he had seen anarchists manufacturing dynamite bombs in the factory. After Eckholdt's confession a search was made through the factory. Two loaded bombs were found under the floor and a tin box containing about 25 pounds of dynamite was taken from a secret recess under the floor of the engine room by Eckholdt, who had been taken there by the police to aid in the search.

In his testimony Eckholdt swore that this dynamite was manufactured by Rupperecht. He said he had watched him while at work and had accompanied him outside to aid in testing the explosive. Rupperecht, he said, made the bombs, and the witness had often seen him fill them. Fulminate of mercury caps were used as detonators.

Eckholdt was unable to tell how many bombs had been manufactured there, but about a year ago, he said, when there was a big meeting of reds in Union square, 35 Maspeth anarchists attended in a body, and all went to do terrible work in case the police attempted to interfere with the meeting. Eckholdt said that Rupperecht carried a satchel full of bombs and that he (Eckholdt) had one in each of the two side pockets of his overcoat. These had been given him by Rupperecht. They were primed at both ends and ready for instant use.

One of the bombs Rupperecht carried in his satchel, Eckholdt said, was made of a big piece of steam pipe about as long as a man's forearm. Then there was one made from an elbow and one from a piece of T pipe. Any one of these were powerful enough to have killed a thousand people. Eckholdt did not know why the signal to throw bombs was not given. After the meeting was over the Maspeth anarchists adjourned to a saloon near Union square, where the affairs of the night were discussed.

Charles Sayres, a driver employed at the works, corroborated Eckholdt's story about the trip to New York and dynamite. Sayres said he was not an anarchist, and attended the meeting at Union square because the other men employed about the works did, and also because he had received hints that something would happen there. After the meeting he went with the others to the saloon near Union square, where Rupperecht, in a burst of bravado, opened this satchel and displayed the bombs. When asked what they were to be used for, Sayres said Rupperecht replied: "Why, to blow up the cops if they had interfered with our meeting. We would have opened hell under their feet if they had interfered with us."

HYPNOTIZES THEM.

Evil Machinations of an Alleged Female Christ in Baltimore.

BALTIMORE, May 18.—Within the shadow of St. Luke's Protestant Episcopal church, in a neat 3 story brick house, live two sisters of a highly respectable family. One of the sisters is Mrs. Maggie Hooper, the other is Miss Mamie Maxwell. The latter is a teacher in a public school.

At the instance of Mary Monilton, the colored domestic of the sisters, the police have arrested Mary Harvey and her husband. The particular charge against them is fraudulently obtaining cash, jewelry and wearing apparel. The Harvey woman came to the two sisters' house to scrub. Mrs. Hooper's son soon showed a remarkable subjection to the woman, getting down on his knees and even kissing her feet.

Mrs. Harvey, it is related, represented herself as Jesus Christ, and made them bow down and worship her. On Friday night people in the neighborhood were awakened after midnight by sounds of "Nearer, My God, to Thee." During the exhortations Mrs. Harvey is said to have taken wine, and, after representing herself as the living God, to have passed it to the two women, saying: "Take this in remembrance of me."

After partaking of the wine, both Mrs. Hooper and Miss Maxwell are said to have prayed to and worshipped Mrs. Harvey. Mrs. Hooper's boy at first rebelled, but he was forced into submission and to worship.

After partaking of the wine the women are said to have lapsed into delirium, during which time they would sing and exhort each other as if in a religious frenzy, crying, "All for Jesus, All for Jesus."

The two sisters and the boy had been completely hypnotized.

Crockery Destroyed.

UTICA, N. Y., May 18.—The buildings on Catherine street, occupied by Edward Martin, plumber, and Sherwood & Golden, dealers in crockery, were burned. Loss, \$42,000; partially insured.

National Editorial Association.

CHICAGO, May 18.—The National Editorial Association convention opened its second day with an executive session. Routine business principally occupied the attention of the convention.

SIX LIVES LOST.

One Other Man Fatally and Several Others Injured.

EXPLOSION IN A FACTORY.

Pope's Glucose Works at Geneva, Ill., the Scene of a Shocking and Fatal Accident—The Cause of the Disaster Not Known at Present—An Investigation Being Made.

GENEVA, Ill., May 18.—C. I. Pope's glucose factory was the scene of a most disastrous explosion by which six persons lost their lives and one man was fatally scalded.

The killed are: Victor Anderson, Louis Schnitz, Fred Storm, E. Lund, Alfred Adferen, J. Danielson. Fatally injured: J. Kalberg. Seriously hurt: William Pratt.

The factory was a large 4-story structure and there were 80 employees in the building at the time, most of whom escaped with only slight injuries.

The explosion occurred in a generator and scattered things right and left. The shock was a terrific one and was felt throughout a radius of three miles. That more lives were not lost borders on the miraculous.

The scene presented the usual one of devastation and the suffering of the scalded ones was indeed pitiful. People in the vicinity immediately ran to the rescue and the work of assistance was soon begun. Physicians were summoned, but the six unfortunates named were not in need of their services, and the doctors turned their attention to the injured. The cause of the disaster is not yet known. An investigation is being made.

HE IS OUT \$70,000.

Ex-Minister Lincoln Says His Expenses Were More Than His Salary.

NEW YORK, May 18.—Robert Lincoln, ex-minister to England, before leaving New York, had a conference with Ambassador Bayard at the Fifth Avenue hotel. Mr. Lincoln said he was going to begin his new life as a fisherman, and in accordance with an agreement entered into some months ago in London, he is going to fish for black bass with a party of congressional friends, and expects to get thoroughly rested, so that he will be ready to resume the practice of law in Chicago during summer.

Mr. Lincoln has recently said that he believes his political life is over, and that if he was ever going to be a lawyer it was time to begin to settle down to practice. Mr. Lincoln's experience as minister to London cost him just about \$70,000 more than his salary, yet he lived modestly and entertained no more than the duties of his station were incumbent upon him to do. If Mr. Lincoln had been a poor man he could not have maintained his office. He thinks the salary should be raised.

WHOLE VILLAGE BURNED.

The Once Notorious Land League Relieved to Be Responsible.

FORT SCOTT, Kan., May 18.—Hesper, a Crawford county village with a population of 800, has been reduced to ashes. It is almost certain that the fire was started by the Land League of Allen, Crawford and Bourbon counties, which a few years ago was brought to national notice by its murders and wholesale thefts.

Several of the league's members are now in the penitentiary. Hesper was the stronghold of the anti-leaguers. The league was organized several years for the purpose of protecting its members against the usurpation of land by railroads and new settlers. It was supposed that the league had disbanded.

THE RACE MEN ALARMED.

Kentucky House Likely to Pass an Anti-Pool Bill.

FRANKFORT, Ky., May 18.—The anti-pool room bill introduced by Mr. Hisssem of Newport was up in the house Wednesday and was the subject of a lively and interesting debate. Mr. Hisssem is supported by nearly all the farmers and his bill will probably pass in the house, though it is expected to meet defeat in the upper house. The race-horse men are fighting the bill and have enlisted the services of all the city members.

Shot a Salvoist Dead.

AKRON, O., May 18.—Charles Keener, aged 18, a dissolute young fellow, entered John Hutt's saloon on Wooster avenue, and after a short quarrel with the proprietor drew a revolver and shot him dead. Hutt fell into the arms of his wife, who was nearby, and Keener fled, but was shortly afterward captured.

Two Appointments.

WASHINGTON, May 18.—The president has appointed Robert T. Hough of Ohio to be solicitor of internal revenue and John Daggett of California to be superintendent of the mint of the United States at San Francisco.

Woman Killed by a Train.

STURENVILLE, O., May 18.—Mrs. Richard Sanderson of Mount Pleasant was struck and instantly killed by the Cleveland and Pittsburgh westbound passenger train at Portland while walking on the track.

MADISON, Ind., May 18.—The late frost did not injure peaches. Dean telephones from his orchards that the fruit is all right.

WEATHER INDICATIONS.

Generally fair weather, preceded by showers; northwest winds; warmer.

"The religious work inaugurated in Owensboro by Sam Jones and George Stunt is being continued with wonderful success by the home ministers," says the inquirer. "Over one hundred persons have joined the different churches during the past week, and there is every indication that this week will be as fruitful of good results." Still, a few hardened old sinners who rarely ever look inside of a church seem to find great comfort in referring to Sam Jones as "a blackguard."

Judging from the ugly reports sent out from Lexington some of the municipal officers of that city regard "public office as a private snap." An investigation which, at first, was aimed at a certain Councilman, has been extended so as to include five other city fathers. Rumors of the worst sort of rottenness are being circulated, and the School Board is also said to be involved, its members being accused with extorting money from the teachers. The officials concerned seem to have been putting a cash value on their "florence," and, according to reports, have been compelling successful applicants for positions to "divide up."

The Internal Improvement Committee waited on the Court of Claims in a body yesterday for the purpose of presenting the matter of building a new bridge over Limestone Creek and asking for some aid, but that dignified and august body virtually refused to give the city's representatives a hearing. The Justices could certainly afford to be courteous. It is stated now that the city will file suit in the Circuit Court to compel the Magistrates to make a suitable appropriation to aid in building the bridge. Maysville has been paying nearly two-fifths of the cost of turnpikes and bridges throughout the county for years, and it is nothing but right now that the county should help build the bridge over Limestone Creek.

Probably Fatal Affray.

During a difficulty between Mat Connell and W. S. Bryan at Mayslick last night, the former struck Bryan on the head with a rock, fracturing his skull. Bryan has been insensible ever since, and is thought to be fatally injured. He is a cousin of ex-Lieutenant Governor Bryan, and is related to Mrs. A. Honan and Mrs. Patrick Daley, of this city.

Kentucky Methodist Women.

After a five-days session at Harrodsburg, the Women's Missionary Society of the Kentucky Conference, M. C. Church, South, has adjourned. This society has within a decade expended \$700,000. Over one hundred ladies were in attendance, prominent among them Miss Bell H. Bennett, of Richmond; Mrs. C. F. Nugent, of Maysville, Recording Secretary, and Mrs. E. H. Pearce, of Danville, Corresponding Secretary.

Sunday night there was a grand chorus of five hundred voices. The annual sermon was preached by Rev. F. S. Pollitt, of Richmond. The hundred or more ladies were entertained while there by the hospitable people of Harrodsburg.

That Electric Railway Project.

The meeting at Mt. Olivet this week in the interest of the proposed electric railway from that place to some point on the C. and O. was attended by citizens of Mason, Bracken and Robertson counties. The following committees were appointed: Conference Committee, to confer with the citizens of Maysville, Augusta, Brooksville, Germantown, Rock Springs and other towns—N. A. Tilton, Younger Alexander, A. S. Rice, J. J. Osborne, E. M. Newman, E. Kenton, Samuel Holmes, J. W. Zoller, O. S. Denning and J. E. Wells.

Railroad Working Committee—W. A. Morris, H. L. Wilson, L. D. Asbury, W. A. Penn, G. W. Bratton, John W. Claypool, Lewis Thompson and Aris Throckmorton.

Committee to Secure Right of Way—J. W. Zoller, E. Kenton, H. L. Wilson, R. E. Wilson, W. H. Tilton, N. A. Tilton, C. H. French, J. J. Osborne, Samuel Holmes, E. M. Newman, O. S. Denning, W. T. Sult, James Grigsby, R. M. Marshall and J. W. Styles.

The Committee on Right of Way was instructed to have the release and grant made to William H. Cox, of Mason, A. S. Rice, of Robertson and Younger Alexander of Bracken, for the use of and to hold in trust for such company as may hereafter be organized for the purpose of constructing and operating said road.

The World's Columbian Exposition
Will be of value to the world by illustrating the improvements in the mechanical arts, and eminent physicians will tell you that the progress in medicinal agents has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

THE COURT OF CLAIMS.

List of Accounts Allowed Yesterday. Appropriations Made—Other Business Transacted.

At yesterday's session of the Court of Claims the salary of the Superintendent of the County Infirmary was fixed at \$600 for ensuing year, he to furnish the Matron. Some of the Justices thought \$300 was enough for the Superintendent, but the motion to fix the salary at that sum was lost.

The Infirmary Physician was allowed a salary of \$250 for ensuing year, he to furnish medicines.

The salary of the Chairman of the Board of Infirmary Directors was fixed at \$75.

The Jail Physician's salary was fixed at \$100, he to furnish medicines.

Dr. Owens appeared and made an explanation in regard to the \$6 previously allowed Dr. G. M. Phillips for medical services at the jail and deducted from his salary as Jail Physician. The order deducting the \$6 from Dr. Owens' salary was rescinded. It was also ordered that an order be drawn by the County Judge on the County Treasury for \$100 to pay Dr. Owens' salary.

The sum of \$60 was appropriated and placed in the hands of County Clerk Pearce to buy coal for the Clerks' offices.

The County Judge, County Clerk, Circuit Clerk and Sheriff were allowed the usual sums for stationery, and the County Clerk was also allowed the sum of \$100 for copying transfers.

The Sheriff was allowed the sum of \$50 for services in attending Quarterly and County courts.

The application for an appropriation to build a bridge over Beasley Creek, near this city, was taken up, and on motion of Squire Weaver the committee was instructed to ascertain and report whether the road is a county road or not.

John E. Wells, committee of Delia Tucker, presented his report, which was ordered filed.

The Commissioners who redistricted the county into Justices' districts were each allowed \$20 for their services, and the County Clerk was also allowed \$20 for attending the sessions of said Commissioners.

County Clerk Pearce was allowed \$100 for making list of transfers.

Squire Luttrell offered a resolution that "services rendered the county from obscure or other cause shall be paid from the salary of the official incurring such expense." Adopted.

Squire Luttrell moved to abolish the order making any future appropriations to paupers not under the immediate jurisdiction of the County Infirmary. The motion was lost—yeas 5, noes 20.

The salary of the County Treasurer was fixed at \$1 per annum.

Charles B. Pearce, Jr., was elected County Treasurer, by the deposit of one ballot, for the term of two years.

The following accounts were allowed:

RIVER NEWS.

The Sherley and Stanley are having all the business they can attend to in the Kanawha river trade.

Cincinnati people are making a howl about the coal shipments. They say three-fourths of this season's fleet went down to Louisville and the South, the operators preparing to fill up lower markets while the rise lasted and take the risk of supplying Cincinnati at intervals during the summer season.

Ashland is putting extensive improvements on her wharf. She has contracted for six barges of Cincinnati binders. Besides this covering, a city tramway will be constructed which will convey a wagon load of freight at one trip from the top of the landing onto the wharfboat. This is something new in wharf transportation and its success or failure is expected to elicit the interest of rivermen.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

ELOPEMENT AND MARRIAGE.

Miss Maud Cochran, Formerly of Maysville, Wedded to Mr. T. K. Burke.

Miss Maud Cochran, formerly of this city, and Mr. T. K. Burke, proprietor and manager of Burke's Circus and Menagerie, eloped from Cincinnati one day this week and were married at Aurora, Ind. The Enquirer says: "Miss Cochran about five months ago met Thomas Burke, who has been spending the winter in Cincinnati. It was love at first sight, and, while Mrs. Hirsch, the sister of Miss Cochran, violently opposed the marriage, it was of no avail. The opposition on the part of Mrs. Hirsch was due to the belief that Mr. Burke is afflicted with consumption, and she did not wish her sister to marry an invalid."

"Miss Cochran did not wish to marry against her sister's wishes, from the fact that Mrs. Hirsch has been a mother to her since her parents' death, several years ago, but finally consented to an elopement with her fiancée, and Tuesday morning told her sister that she was going to visit some of Mr. Burke's relatives in Lebanon. Instead, however, she went to the O. and M. depot, where she was joined by her prospective husband, and tickets were purchased for Aurora, Ind. An early morning train was taken, and in an hour after the couple had arrived at Aurora they were man and wife."

"Mrs. Hirsch said that she felt sorry for her sister, but she was willing to forgive her and wished her joy and prosperity. Friends have urged upon Mr. Burke the great advantages to be derived by him from a trip to Colorado, and the groom and bride will leave Cincinnati the latter part of the week for the Rocky Mountain district. Mr. Burke's circus is in winter quarters, but he will turn the management over to some employees."

"Mrs. Hirsch, the sister of the bride, is the wife of Leo Hirsch, a prominent clothing manufacturer of Hillsboro, O. The family have been wintering in Cincinnati."

The bride is a sister of Mrs. D. Hechinger, of this city.

GEO. W. SULSER, law, fire insurance.

Mr. H. C. ASHTON, Fleming's postmaster, is confined to his room by sickness.

REV. H. C. MORRISON's revival at Cynthiana had resulted in twenty-three additions to the M. E. Church, South, at last accounts.

THE State Board of Health has issued circulars entitled "Precautions to be Used Against Cholera." The principal point urged is to "keep clean."

MR. JESSE H. CALVERT, of the Lewisburg precinct, will represent Mason County at the World's Agricultural Congress to be held at the Columbian Exposition, Chicago, next October. He received news of his appointment yesterday.

MR. HARVEY PARKER has sold his interest in the Central Hotel to Messrs. J. T. Long and James W. Fitzgerald. They will conduct the business under the firm name of Long & Fitzgerald. Mr. Parker has been in bad health for some time and this led him to retire.

MR. ANDREW FOUNTAIN, Deputy Sheriff, and Mr. Chas. A. Peters, a farmer at Poplar Plains, are announced as a candidate for the Sheriffalty in Fleming County. Mr. W. S. Samuel, a former Deputy Sheriff, and brother of Dr. Jno. H. Samuel of this city, is also spoken of as a candidate, but has not as yet been announced. Election November 1894.

CONSTABLE DAWSON on coming down town this morning took a drink of liquor. He went on then to Squire Grant's office where he soon became seriously ill, falling into a stupor. Dr. Samuel was hastily summoned and brought the patient around all right in the course of an hour or so. The supposition is that some drug had been accidentally placed in the liquor.

MR. WIN McILVAINE, who spent several years in Australia in the interest of the Walter A. Wood Company, is en route home. He arrived at Naples, Italy, on May 4, and wrote that he expected to reach London May 15. He will remain there several days, taking in the sights of the big city, and will reach home about June 1. His health is good. He writes that he was thirty-three days on the trip from Melbourne to Naples.

CHARLES GRAY, of Mayslick, was kicked seven years ago on the back of the head by a horse and received a fracture of the skull. Since then a tumor has been growing from the bone, until its weight and pressure gave him great pain and much inconvenience. Yesterday he was brought to the surgical department of the Maysville Sanitarium, where an operation was successfully performed that relieved him of his trouble. Electricity was brought into use in the control of the severe hemorrhage. He will return home by Saturday.

CONSULT the Louisville specialist at the Central Hotel Friday, May 26th. The Doctor has a wide reputation, and has made it by honest, conscientious, thorough work. If your case is a curable one, he will cure it.

BROTHER BLAKELY, of the Newport Journal, Brother Emerson, of Covington Commonwealth, Brother Logan, of the Louisville Times, and one or two others of the Kentucky press gang ought to give the "woodcock" a rest.

PETER BROGAN attempted to board a C. and O. freight at Newport yesterday and is now laid up with a broken leg. He wanted to "beat" his way to Catlettsburg. His doctor's bill will now cost him ten times as much as a through ticket.

PERSONAL.

Mr. Sam McDonald, of Cincinnati, is in the city.

Mr. J. L. Horton, of Paris, was in Maysville yesterday.

Mr. Hugh O'Donnell, of Chicago, was in town yesterday on business.

Mr. Ed. Cook arrived from New York last evening and will remain here for several days.

Miss Nellie Brodt, of near Maysville, is visiting Miss Allie Fischer.—Flemingsburg Gazette.

Mrs. E. J. Hawkins and daughter, of Mayslick, are visiting relatives at New Philadelphia, O.

Miss Margaret Nolin is visiting her aunt, Mrs. T. E. Moore, of Shawhan, Bourbon County.

Hon. G. R. Keller and wife, of Carlisle, and Miss Sue Worthington, of Fern Leaf, went to Chicago this week to see the World's Fair.

Mrs. Albert Jones and daughter Ruth Hazel, of Walnut Hills, Cincinnati, are visiting her mother, Mrs. M. J. Conrad, of the Fifth ward.

Colonel R. B. Marsh, Business Manager of the Mabel Paige Company, is in town making arrangements for next week's engagement at the opera house.

Hon. W. D. Young, of Ripley, was here yesterday on legal business. It was his first visit to Maysville for several years, and he was very favorably impressed with the many handsome improvements.

THE ladies of the M. E. Church are very much pleased with the success of the supper given last evening. The receipts were over \$56.

THE business of the Maysville Furniture Factory has increased so much lately that the company is compelled to erect an addition to their buildings, in the West End.

DINAH SMITH, colored, of Flemingsburg, took "Rough on Rats" yesterday, with suicidal intent. Domestic troubles are assigned as the cause. It is thought she will recover.

EVERYONE who has much writing to do should have a gold fountain pen. It is a convenient thing to have on hand at all times. The best can always be found at Ballenger's. Gold pens in elegant pearl holders.

THE C. and O. had to add an extra section of the F. F. V. Tuesday night to accommodate the Presbyterian ministers on their way to the General Assembly at Washington. The train consisted of six sleepers and a dining car, one of the sleepers being a through car from Louisville.

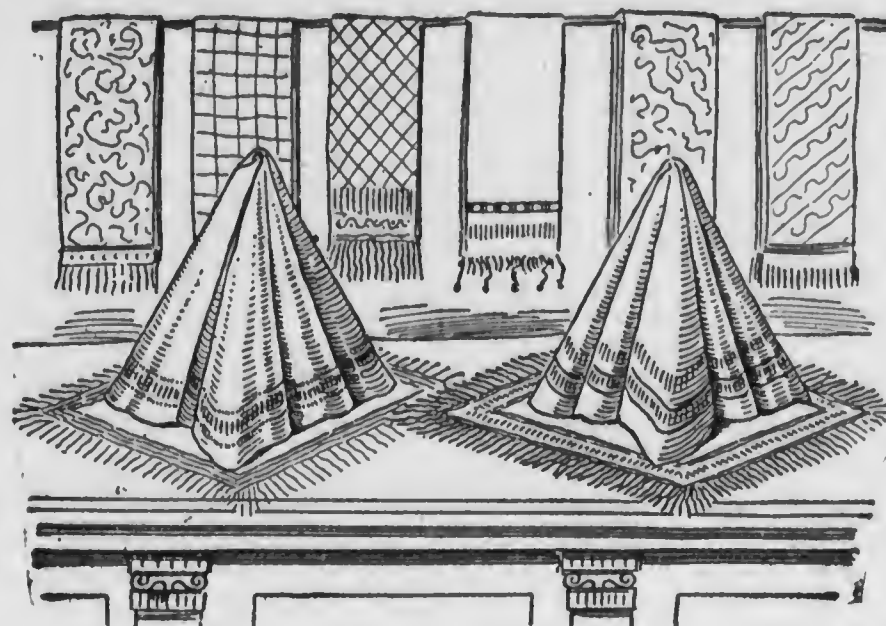

A TEMPORARY organization of the North-eastern Kentucky Medical Society was effected a few days ago. Dr. F. P. Guggell, of Owingsville, is Chairman and Dr. F. S. Robertson, of Sherburne, is Secretary. The organization will be completed and made permanent at a meeting to be held in Flemingsburg next Thursday, May 25.

SAYS the Columbia (S. C.) Record: "Mabel Paige, as Flossie Glenwood, was as attractive and as vivacious as ever. This little lady is the chief attraction of the company and is a regular little genius. She was liberally applauded and richly deserved all the praise given her." At opera house all next week. Popular prices—10, 20 and 30 cents.

At a recent meeting of the City Council of Mt. Sterling an ordinance was passed prohibiting the sale of live stock of any kind on the streets of that city, and making each offense punishable by a fine of not less than \$5 nor more than \$20, the ordinance to take effect July 1. Stock pens will be built for the accommodation of the traders and stockmen. The ordinance is especially directed at the festive "swapper."

THE mystery surrounding the waif left at Thorndale Farm, near Lexington, a few days ago may be unraveled. It has been discovered that the mother and father of the child have been in Lexington for several months, living together as Mr. and Mrs. Charles Stanley. They have lately disappeared, and it is now believed are not husband and wife. The mother is a tall, handsome woman, finely educated. She often spoke of Nicholasville and Jessamine County. This is the seventh white baby that has been found on door steps and in yards in and near Lexington during the past five months.

CONGRESS OF WOMEN.

Third Day's Doings of the Great Gathering at Chicago.

THE AUDIENCES INCREASING.

A Number of Interesting Subjects Discussed—Doings of the National Commissioners—Theodore Thomas Asked to Resign—A Better Attendance.

CHICAGO, May 18.—The third day of the world's congress of women showed no diminution of interest in this remarkable gathering, or rather series of gatherings. On the contrary the audiences in the 15 or 18 convention halls were the largest of the week. The session in the Hall of Washington was opened at 10 o'clock, with Mrs. J. N. Crouse presiding on behalf of the United States, and Senorita C. D. Alcala of Spain as honorary foreign president. The subject assigned for consideration for the opening hour was "The Solidarity of Human Interests," and addresses on this topic were delivered by Isabelle B. Egelot of France, Callirhoe Parren of Greece and Tauthe Vignier of Switzerland.

AMONG THE TROPICAL PLANTS.

After this subject had been disposed of Senorita D'Acala related something about women in Spain during the 400 years and the Baroness Wilson of Spain and Mme. Quesada of Peru made interesting addresses upon women's position in the South American states. It was now nearly the hour for adjournment, but the ladies remained to be entranced with a story of the evolution of the Russian women, told in pretty broken English by Marie Stromberg, of Russia.

Of equal interest were the proceedings in the Hall of Columbus. Kirstine Frederiksen of Denmark was the foreign president, while Mary C. Snedden presided as the representative of the woman of the United States. The proceedings opened with the reading of a paper upon woman's political future by Marie Deraimes, of France, and another upon "Our Debt to Zurich," by Dr. Emilie Kempin of Switzerland. In the discussion which followed Professor Helen Webster took a prominent part.

There was a fund of information of value to reformers in the paper on the position of women in Bohemia, which was presented by Sleana Karla Machova of Prague. Dr. Marie Popelin of Belgium told an interesting story of the struggle of women in that country to enter public employments and the professions. The convention then resolved itself into a symposium on a Century of Progress for the Women of Canada, Mary McDonnell and A. M. Blakely, representatives of the Woman's Christian Temperance union opened the debate, and experiences were contributed by several other prominent Canadian ladies.

At the night's session delegates from many states and foreign countries considered the timely subject of "The Moral Responsibility of Women in Heredity," and likewise exchanged experiences regarding the effect of modern changes in industrial and social life on the marriage prospects of women. The department congresses in the smaller halls were all well attended.

National Commissioners' Doings. The action taken by the local directory of the world's fair in regard to Sunday opening was put before the national commission in writing. The correspondence was referred to the judiciary committee.

On motion of Mr Lannon of Utah the report of the committee on music, recommending that the commission instruct Director General Davis to request the resignation of Theodore Thomas, was taken up for action. Mr. Hundley of Alabama wanted to give Mr. Thomas another chance and asked the report to be amended so as to read "unless he consents to use instruments on exhibition at the fair." Not seconded.

After quite a lengthy discussion the original motion voted on and resulted yes, 39; nays, 19. President Palmer was the last one voting, and a roar of applause went up as he said "aye." There was an attempt by the friends of Theodore Thomas to secure a reconsideration, but it was defeated. The director general will not be ordered to secure Thomas' resignation.

Sunday Question in Court. W. E. Mason and Attorney Walker appeared before Judge Stein to argue the motion for an injunction compelling the local directory to open the world's fair on Sundays. On account of the engagement of Mr. Walker in the appellate court the matter was postponed until Saturday.

Paid Admissions. The paid admissions at the fair were 28,977.

Foreign Commissioners Kicking. Foreign commissioners have a poor opinion of the janitor and guard service provided in the big buildings for the protection of costly exhibits belonging to foreigners. The commissioners have complained to the director general that the guards' conduct towards them is not deferential to say the least, and a request has been made for an immediate improvement. Exhibits have been stolen and the owners are protesting against the lax methods in vogue, especially in liberal arts building.

Bishop Ames' Will Broken. BALTIMORE, May 18.—After standing for 14 years the will of Bishop Ames of the Methodist church has been broken by the verdict of a jury in the common pleas court. The contest was made by Mrs. Emma L. A. Weik, a granddaughter of the bishop, who convinced the jury that undue influence and fraud were exercised when the will was prepared. The estate is valued at between \$150,000 and \$200,000, which will now be divided according to the law.

One Train Run Into Another. BRADFORD, Pa., May 18.—While coming down a steep grade at Big Shanty, a Buffalo, Rochester and Pittsburgh coal train dashed into a work-train standing on a cut. The foreman of the construction gang, by the name of Felicia was killed, and two other Italians injured, one of them fatally. Engineer McCleary of the work-train jumped and sustained a broken shoulder. All the other trainmen jumped and escaped unhurt.

BUFFALO, May 18.—Traffic on the Lake Shore railroad has been suspended on this division for the past 12 hours on account of the washing away of a bridge at Harbor creek, near Erie, Pennsylvania.

Base Ball. At Boston—Boston, 16; New York, 12. At Brooklyn—Brooklyn, 7; Baltimore, 11. At Philadelphia—Philadelphia, 11; Washington, 9. At Chicago—Chicago, 5; Pittsburg, 9. At St. Louis—St. Louis, 1; Cincinnati, 8.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package; also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Complete Manhood and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 96 pages, every page bearing a half-tone illustration in line. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, The Husband, Those Intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would atone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, Eric Medical Co., Buffalo, N. Y.
